Parameter specification

Bluetooth compliance: Bluetooth V3.0 +EDR
Operation distance: ≤10M
Operation frequency: 60HZ-20KHZ
Impedance: 4Ω

Output power: 3W

Audio signal -noise ratio: >65dB

USB charging voltage: DC 5V

Working voltage: 3.7V

Built-in Power: Rechargeable 600mAh lithium-ion
battery

Working time: 6 hours on medium volume

Audio input: Bluetooth & LINE-IN

Overall dimension: Dia80 x 42mm

Net weight: 170g

Packaging components

- One speaker
- One USB cable
- One 3.5mm audio cable
- One user manual
- One hook

Federal Communications Commission (FCC) Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generate, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

RF exposure warning

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

The equipment must not be co-located or operating in conjunction with any other antenna or transmitter.
